DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Melvin Kraus on Jan.7, 2005.

The application has been amended as follows:

1) In claim 16, lines 12-13, **after** "wherein all edges of the pixel electrodes" and **before** "extend beyond of the counter electrode in" **insert** "which are not connected at the two ends of the pixel electrode parallel to the data lines".

Allowable Subject Matter

1. Claims 16, 18-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record neither discloses nor teaches that a liquid crystal display device comprising various elements as claimed, more specifically, as the following:

all edges of the pixel electrodes which are not connected at two ends of the pixel electrodes in direction parallel to an extension direction of the video signal lines extend beyond edges of the counter electrodes in a direction perpendicular to an extension direction of the gate signal line as shown in Fig.25 [claim 16].

The closest reference US 5,907,379 discloses that a liquid crystal display device in which all the edges of the pixel electrodes extend beyond the edges of the counter electrode in the vertical direction, but the prior art of record do not disclose that all the edges of the pixel electrodes which are unconnected thereof as claimed in claim 16. The reference US 5,754,266 also does not disclose that all edges of the pixel electrodes extend beyond the edges of the counter electrodes as claimed in claim 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2871
